UNMATCHED PERFORMANCE

Skid-Grip® is a textured coating specially designed to enhance the appearance of concrete, asphalt or wood wherever an extremely durable, slip-resistant finish is desired.

The 100% acrylic formula improves performance and helps reduce oxidation. It prevents peeling, flaking and surface wear, keeping the slip-resistant finish intact for years.

SKID-GRIP CREATES SAFE AND ATTRACTIVE ACCESS ROUTES

LONG-LASTING COLOURS

CAMEL 6510

EMERALD 6550

COBALT 6530

CRIMSON 6525

SMOKE 6570

SLATE 6565

JET 6505

Colours shown are for reference only and may differ from the actual product.

A topcoat may be applied over Skid-Grip, including white traffic-marking paint and other ready-to-use paints, to create contrasting lines or stencilled shapes.

*Blue for designated accessible parking spaces.
